The Success Foundation Newsletter

We hope you are all having a great summer. As the new school year quickly approaches, we wanted to reflect on the great learning experiences District 6 students have enjoyed over the summer.

The Success Foundation is proud to support the District 6 Career Explore Internship Program! On-the-job learning experiences are critical as students explore and develop career options. District 6 placed 123 students in internships this summer with 60 of those positions being grant funded. Grant funded internships allow nonprofit organizations to participate and helps with the recruitment of new business hosts. We are sincerely grateful to The Weld Trust, Colorado Succeeds, and our donors for making these opportunities possible!
